

The Varian - NACP grant

Varian Medical Systems together with the Nordic Association for Clinical Physics (NACP) has re-established “The Varian – NACP grant”. The aim of the grant is to support a clinically working physicist in the field of radiation therapy and to encourage research and development in the field. Moreover, the grant should promote and strengthen the relations and cooperation between Nordic and American physicists.

The grant, 3500 EUR, will be awarded to one physicist a year and should cover most expenses (travel expenses, accommodation and meals) for a visit to an American Hospital Clinic or Institute.

Criteria’s for selecting the winner are: relevance of the study/project/collaboration, up-to-dateness, originality, and usefulness within the field. The evaluation will be performed by a board appointed by the NACP council. In case of equally assessed applications the board has the casting vote. In addition, the winner of the grant should be able to make a short presentation upon request.

The application form as well as the final announcement will be found on the NACP website (www.nacp-nordisk.org) as well as on the Nordic countries National Member Organisation’s websites.

Applicants are invited to submit their forms for this Yearly grant before March the 1st.

NACP

Nordic Association for Clinical Physics

An umbrella organisation for: Danish Society for Medical Physics • Finnish Association of Hospital Physicists • Icelandic Society of Biomedical Engineering and Medical Physics • Norwegian Society for Medical Physics • Swedish Society for Radiation Physics

The Varian - NACP grant

Application form

First name:

Last name:

Birth date:

Title:

Specialization and working years as a clinical physicist:

.....

.....

Hospital/Institution:

.....

Address:

.....

Phone:

E-mail:

Hospital Clinic/Institution to visit:

.....

Duration of the visit:

Your specific field of interest within radiation therapy:

Describe the purpose of the visit (research collaboration, cooperation in development or clinical evaluation, auscultation or other):

Travel plan:

Have any funds been applied for or received for the same purpose?

Enclose a *maximum of one page* describing the study/project/collaboration.

Send your application to:
